

Who would have imagined the roller coaster ride we have been travelling since August! Yet, despite lockdowns and with thanks to technology, we were able to host all four District meetings and hear about the positive actions that are happening across the country within all Clubs.

Writing this on December 5th, UN International Day of the Volunteer, a day to celebrate and share gratitude for all volunteers, allows me to reflect on the past five months of our IW year. As Inner Wheel members I am constantly amazed to hear about the hours of service, shared experiences and opportunities that you are all taking part in to help others and make a small difference in the lives of others. Thank you for caring, thank you for your time and thank you for taking action to think beyond yourself.

Despite the uncertainty and confusion of the last three months, there has still been a lot happening in the Inner Wheel community.

My Mid year report is available to read and view the video using [this link to the President's Posts.](#)

Within this Communicator there are a few highlights to share, which I hope you find exciting and interesting as we move forward to 2022. With the new Covid Protection Framework in place across the county, here's hoping that 2022 will see us being able to meet more freely and share some exciting events and activities together in friendship.

To all IWNZ members, your families and friends, I send you best wishes for a fabulous festive season and a sensational Summer.

Wishing you all  
*fabulous festive season*  
and a  
*sensational summer*

In friendship,  
*Michelle*
